

Grout Packers

Technical Data Sheet

Chemgrout Line Accessories

Drive Packers

Designated for easy insertion and removal from the injection hole for slab jacking and void filling. Inserts into 1" drilled holes. Comes complete with hose couplings, reinforced drive heads and a shut off valve. Available for 1" and 1¼ hose fittings

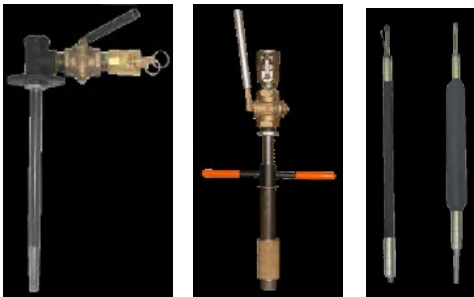

Mechanical Surface Grout Packers

Designed to connect the grout hose to sound material for slab jacking and void filling. Comes complete with hose couplings, a shut off valve, a spinner and expandable rubber end. Available in standard diameters of 1 ½", 1¾", 2", 2 ½ and 3"

Inflatable Grout Packers

With a sliding head design, inflatable grout packers jabe the ability to double in size from their run-in diameter and typically furnish longer seals than that of a mechanical packer. Integral tube scrapers help remove excess grout that has adhered to the outside of the center tube and work once deflated.

Inflatable grout packers are available in diameter sizes of 1 – 2", 2 – 3", 3 – 6", 4 – 7" and 5 – 8". Lengths range from 10" up to five feet or more.

Drive Packer (1), Mechanical Surface Grout Packer (2) and Inflatable Grout Packer (3) shown above

Margo Accessories

Margo Support Plate	
Product Number	Size
422-600	Used for ½" Pipe
422-601	Used for 1" Pipe
422-602	Used for 2" Pipe

Brass Ball Valves	
Product Number	Size
46-01-050	½"
46-01-100	1"
46-01-200	2"

Margo Adapters	
Product Number	Size
422-B W/L	B
422-N W/L	N
422-H W/L	H
422-P W/L	P
